

With 3 production sites, 120 stores, 750 employees and 350 advisers around the world, we had to choose between productivity, profitability, competition when it came to defining our key motivation. But let's be honest here. For the past 60 years, we have poured all our energies into love; conveyed through respect, enthusiasm, trust, commitment, loyalty and friendship.

If you are reading this, it's because you are looking for furniture which is elegant, contemporary, versatile and high quality: in short, everything that Gautier has to offer.

This is exactly what you can expect as you turn these pages; but we also aim to bring you a visual representation of the love that drives us forward.

You're sure to find a whole host of new reasons to choose Gautier.

David Soulard

Managing Director, Gautier France

A PIONEERING COUPLE

Our story goes back 60 years.

Patrice Gautier was a carpenter (shown in the photo above at the Paris Furniture Fair in 1977). He was creative and adventurous. His wife, Annick Soulard (in the photo above, on the right) had an entrepreneurial spirit: courageous and pragmatic. They were made for each other!

In 1960, they decided to create children's bedrooms at a time when no-one had even considered it. And so the Gautier business was born.

A lot has happened during the last six decades. Annick's brother Dominique Soulard took over the reins. We fought for our independence, and the brand took many twists and turns.

Since then, 5 million children have slept in a Gautier bedroom and our kids' furniture is still designed with our children and teenagers in mind.

GAUTIER STYLE

All our furniture bears the hallmarks of the Gautier style, meaning it is contemporary, versatile, generous, ingenious and environmentally friendly. Innovation, Concept, Design.

A lot has changed in 60 years. But the very essence stays the same.

FOR THE LOVE OF CHILDREN

There are almost 60 years between these two photos. We were the first company to come up with the idea of creating a child's bed shaped like a car.

It was a phenomenal success. This year, with a dash of nostalgia and a lot of pride, we have reconnected with our famous car bed but this time in line with current eco-design regulations.

THE GAUTIER SIGNATURE

We have our own in-house team of designers. This is very unusual in our sector which usually favours independent designers. Here at Gautier, we love working as a team. Ideas put forward by an individual are then discussed, improved and built upon by everyone. This method is amazingly effective and fulfilling. And whilst no-one could imagine ever signing a piece with their own name, we are all proud to sign ourselves as Gautier.

This living room table is very Gautier. Why? Because it will be an elegant addition to your home for years to come, used for dinner parties and sometimes as a sturdy stage for your children's little shows.

Stylish and sturdy, very Gautier.

LOCAL LIFE

Our 750 employees represent 750 families who contribute to the economic and social fabric of the surrounding towns and villages, which in turn help the region to prosper. And this region

is committed to France's industrial renewal which will ensure we feature on the international stage.

MANUFACTURING FOR PROSPERITY

We made the decision to make our own particleboard. This means we can be sure that the wood comes from the circular economy or from sustainably managed local French forests. This also enables us to ensure our high density panels are the very best quality.

10 YEARS: ALL THANKS TO YOU

Our furniture is guaranteed for 10 years*. This is a feat that requires particular effort at each stage of the production process. Doing this out of respect for the customer is what drives us and ensures we succeed. *See p. 160.

INCREASINGLY PERSONALISED

These skilful hands, experts in upholstery, also contribute to building Gautier's future.

We are committed to an extraordinary challenge: customising products whilst striving to produce large quantities. This is a fascinating return to craftsmanship which has to tie in with a futuristic vision of our profession.

WILD AND WISE IDEAS FROM THE LAB

Are you familiar with our Smart XL table? It is 3.60m long yet stands on just 4 legs. Our sales manager proved how sturdy it is by jumping up and down in the middle of the table. The Smart XL was designed by the amazing Gautier Lab, where the wild and the wise rub shoulders in their united enthusiasm for furniture.

3 GREAT REASONS TO BE PROUD

9001 14001 1800

Gautier was the first French furniture manufacturer to be awarded the QSE triple certification:

- ISO 9001 certification since 1994 (for our quality management system),
- ISO 14001 certification since 2006 (environment),
- Occupational Health and Safety certification OHSAS 18001 since 2007.

YOU ARE PART OF OUR STORY

The full story of a piece of furniture begins in a forest and continues once it reaches your home. This is such a fascinating story that no chapters deserve to be left out. We are the only furniture

brand that buys its wood locally, manufactures its panels, designs its furniture, sells it in its own stores and helps customers to furnish and decorate their homes. This certainly goes against

the trend for mass production and concentration, but it creates much stronger relationships!

CONTINUING OUR VENTURES

Every day, we invent contemporary woodworking techniques to perpetuate the age-old tradition of applying endlessly varied veneers to our wood, ensuring they are always extremely high quality and stand the test of time.

SHARING OUR MINDSET

Here, you can see Dominique Soulard returning to Gautier on 24th September 1999, amongst his staff who had been on strike for 10 days demanding the return of their boss. This incredible image has no place in a catalogue other than to demonstrate our mindset. And yours too, no doubt, if you are already a customer.

You Find out more at https://youtu.be/5aCB2RO1YTY

TAKING ETHICS ON BOARD

The list of criteria when purchasing furniture is well known: ease of use, appearance, sturdiness, and value for money. And now a new one is added to the list: the ethical stance of the manufacturer. All this suits us to a tee!

ECO-DESIGNED FURNITURE AND PANELS

Being responsible is not just about producing furniture that spans generations. It's also about preserving natural resources and manufacturing in ways that are as smart as possible. This is why our furniture is eco-designed, with panels made internally: 50% of the wood we select comes from sustainably managed forests, and 50% from recycling channels.

WORKING TOWARDS ZERO ENVIRONMENTAL IMPACT

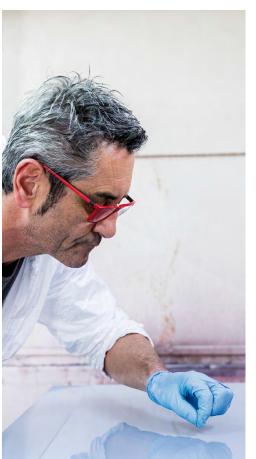

Gautier's commitment to French manufacturing reinforces our three initiatives that have a direct impact on our carbon footprint: playing an active role in boosting French industry, working with local distribution channels, and gradually moving towards a circular economy.

RECYCLING EVERYTHING, RIGHT DOWN TO OUR PACKAGING

We have stipulated that our boxes must be made from 50% recycled cardboard. This is good news for the environment as we use a lot of cardboard for our packaging as well as increasingly as a replacement for polystyrene spacers.

ABOLISHING VOCS

The lacquers and varnishes used in the furniture industry contain products from the Volatile Organic Compounds family (VOC). They contribute to the formation of ground-level ozone, meaning that they fuel global warming. Gautier has been using water-based lacquers and varnishes since 2006, a procedure that uses some of the very best technologies available.

CLOSER, CLEANER

Most of the parts we use to manufacture our furniture come from suppliers located within one day's drive of our factories.

Our wood in particular comes from 7 sustainably managed forests which are all located within 300 km of our workshops.

90% of our production waste is recycled. Sawdust from the manufacturing process is used as fuel to heat our buildings.

ENJOYING SEEING YOU HAPPY

Enjoying seeing you happy in your home, enjoying being creative, enjoying growing together, enjoying making an effort for the environment, enjoying working with our suppliers as neighbours and friends, and enjoying taking the idea of French style as far as possible: that's what Gautier is all about. It's a mindset that we are extremely lucky to share with our customers.

ADVISING YOU IS A WONDERFUL OPPORTUNITY

Advising you on furnishing your home is an opportunity that we would now like to develop. To gain your trust, our advisers need plenty of sensitivity, expertise and experience. This is why we are creating the Gautier Academy in 2020 to provide us with permanent training.

FRENCH STYLE IS GAUTIER STYLE

6,000km away from France, customers in our store in the Uzbekistan capital Tashkent love Gautier because they love French style when it comes to furniture: exacting standards to ensure high quality right down to the smallest detail, a sense of purpose, determination that creativity must result from ideas, and that slightly rebellious streak that gives our furniture its chic yet understated touch.

SEEING EVEN MORE OF YOU IN THE FUTURE

Our aim is to invent the future of our profession with you in mind, step by step. We know that you expect us to provide you with good advice and that you would like this advice to tie in with your own ideas. We know that there will be plenty more opportunities to see you in our stores and in your home. We are rearranging our stores so that your visits are a better experience. Seeing even more of you suits us down to a tee!

LONG LIVE FAMILY

Gautier is a family business.

In a literal sense as seen in this photo, as the current Managing Director David Soulard (in the centre) took over from his father Dominique Soulard (right), who had himself taken over from his brother-in-law Patrice Gautier, founder of the company.

But also in a figurative sense, as the family feel that pervades the entire company binds us together, making us united with a fighting spirit.

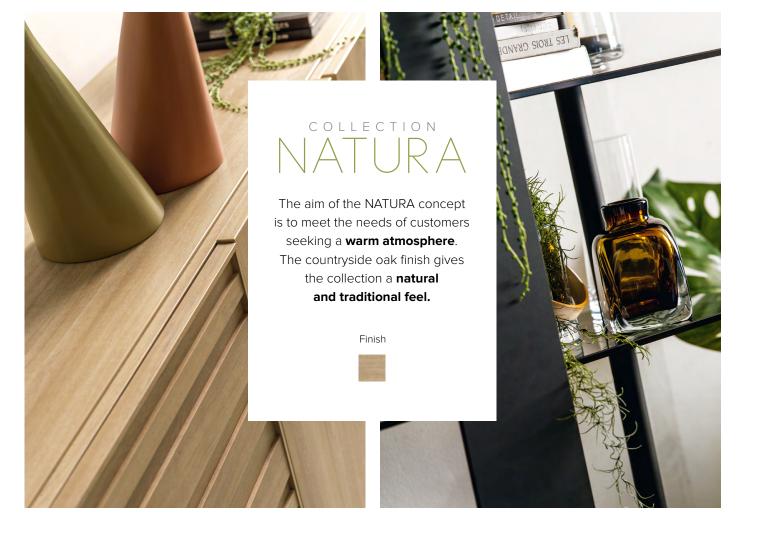

We will never abandon this opportunity built on our independence and audacity, as well as our love for the connections we build with you.

Our furniture & decor INSPIRATIONS

NATURAL, CONTEMPORARY OR BOLD DESIGNS

find the style that suits you best and design your own layout.

Our collections each fall into three contrasting ambiances with their own unique identity. For each of these ambiances, we have carefully selected ornaments, colours, materials and wallpapers.

COLOURS & MATERIALS

Colours and materials are the common denominator when it comes to creating each of these stories that we are delighted to bring you every day. From premium or natural materials to bright or pastel colours, our designers are passionate about choosing only the very best to put together all the chapters that we have great pleasure in writing for you.

INSPIRATIONS

We have many sources of inspiration: nature, travel, history, trends and more...

Looking for inspiration? Need to imagine yourself in a particular setting? Our lookbooks are available in-store. Our teams can help you to define your style so we can work together on writing your own story.

NATURALS

Create an ambiance with a rustic, familiar feel. Our decor selection is directly inspired by nature: raw materials, a soft and natural colour palette, and travel with an ethnic feel. With soft, warm shades and rounded shapes with beautiful finishes, these items complement our furniture collections to create a soft, cosy atmosphere and a home that's made for you!

1 Paola XL ceiling light ref. TA0883. 2 Round L vintage Palm ref. TD0738. 3 Natural Jute Rug ref. TE0528. 4 Decoplex Beauty Symbol ref. TD0761. 5 & 6 Taupe Wicker vases ref. AN ODE TO PREMIUM MATERIALS

Pearlised hemp, frosted white, coral blue:
the Premium collection boasts
a refined and distinguished look.
Premium materials that awaken the senses
for a collection with a decidedly luxurious feel.

A GENUINE SIGNATURE

Representing the finishing touch but also the birth certificate for each piece of furniture in the Premium collection, our seamstresses ensure they sign each and every piece they finish.

PREMIUM: YOUR **PERSONALISED** BED

CHOOSE:

■ SIZE

- Headboard:140, 160 or 180 cm
- Deep-buttoned bed: 140 x 190, 160 x 200 or 180 x 200 cm

■ THE UPHOLSTERY

- 2 types of materials and 12 colours
- Grained feel ALK BELLO in 8 colours
- Untreated feel HAVANE in 4 colours
- OPTIONAL WOODEN BEDSIDE SHELF UNIT built into the headboard, with integrated lighting and 2 USB ports, in 2 finishes
- Country oak
- White lacquer

■ THE COMFORT

Optional:

- Lift-up bed base, see p. 156
- Choice of mattress, see p. 159
- Reading light for the headboardt, see p. 156

GAUTIER GUIDANCE to help you choose for a great night's sleep

MATTRESSES

Distinguishing between comfort and support

- The level of comfort is the first sensation provided by a mattress when you lie on it. The type of filling makes a mattress soft, balanced or firm. The more you sink into the mattress, the softer it will feel.
- It is important to support the body and spine. Support is provided by the structure of the mattress, depending on its suspension. Your choice of support is determined first and foremost by your body shape

TYPES OF MATTRESS:

■ HONEYCOMB

FOAM OR LATEX?

Both technologies are based on a honeycomb structure. It is the level of density and various features that set each mattress apart. Here at Gautier, our two types of mattress (High resilience for foam) offer excellent comfort and elasticity, meaning that two people of different build can both enjoy the same high level of comfort. Latex is recommended for people with a bigger build, or those who feel the heat

What are the advantages?

- Adapt to suit your body shape: Gautier's foam and latex mattresses provide all the firmness required to properly support the spine.
- Ventilation: the honeycomb structure keeps the mattress well-ventilated and ensures it lasts a long time.
- Mattress density: the higher the density (in kg/m³), the more durable the mattress.

■ SPRINGS

THE PRINCIPLE BEHIND POCKET SPRINGS

These are springs encased in fabric pockets. Although connected, they work independently of each other.

What are the advantages?

- Adapt to suit your body shape: each part of your anatomy is independently supported.
- Ventilation: the springs allow the mattress to breathe and wick away moisture. Ideal for people who perspire during the night.
- Mattress density: the denser the springs in your mattress, the higher the level of support. A high level of density provides firm support for people with a bigger build.

Recommendations:

Among 6 mattress models

• 3 honeycomb: Foam or latex • 3 pocket springs

SENSATION M/F

SENSITIVE BACK

As each person has their own idea of comfort, we would recommend trying out the mattress.

See the video about BEDDING Go to Youtube: Meubles Gautier

4 key points to bear in mind

NO ROLL-TOGETHER:

Each person retains their own level of comfort on the same mattress.

3 / 5 / 7 ZONES:

The number of zones means you can increase how precisely the mattress adapts to your body shape.

ANTI-DUST MITE / ANTI-BACTERIAL:

This feature provides relief for people who suffer from allergies and guarantees hygienic bedding.

HIGH RESILIENCE:

High resilience foam ensures the mattress retains its shape with a high level of long-lasting comfort, adapting to all the areas of the body.

Our mattresses have a 7-year warranty

BED BASES

As well as designing beds, Gautier also offers bed bases (slatted or upholstered) with various comfort levels and specific features. This comprehensive range guarantees the bases are perfectly compatible

See our mattresses and bed bases on p. 158-159 of this catalogue and on the 'mattresses and bed bases' pages of our website.

UPHOLSTERY

Available in SEVERAL COLOURS see in-store

I FATHERS

• TRENTINO

Corrected grain pigmented calf leather, mineral chrome, This 1.3/1.5 mm thick leather has a robust pigmentation and protection layer to smooth natural irregularities and make the leather particularly hard-wearing.

MONTANA

High-quality corrected grain pigmented calf leather with a semianiline treatment, mineral chrome tanning carried out in Italy. It is 1.2/1.4mm thick and extremely soft and supple to the touch for optimum comfort.

For leather seats, back-glued mesh is added to minimise the appearance of creases (a technique used in the automotive industry).

■ TOPSTITCHING

Tone-on-tone or contrasting.

DECORATIVE FABRICS ARE ALSO AVAILABLE TO MATCH THE DECORATIVE CUSHIONS, POUFFES AND ARMCHAIRS.

GOT A QUESTION? SEE A GAUTIER IN-STORE ADVISOR.

COMFORT

For fixed sofas:

■ SEAT AND BACKREST FOAM

BASIC COMFORT

All our sofas are in polyurethane foam HR40 density 40 kg/m3. High resilience.

- Excellent elasticity
- · even distribution of firmness
- · Long-lasting.

All our armchairs are in BULTEX foam

except CROSS

For armchairs:

in polyurethane foam HR40.

OPTIONAL FOR SOFAS

- BULTEX FOAM
- > For all sofa collections: Polyurethane foam High resilience, Density 43 kg/m³.

- · Mini-spring effect thanks to air sacs
- Optimal support
- · Better air circulation and more enveloping feel thanks to the irregular cellular structure
- · Exceptional foam durability
- . MAXIMUM COMFORT depending on the models with the REVERSO concept and the SERENITY range with:

Natural, enjoyable comfort that respects the environment

- · High resilience polyester foam, density 55 kg/m3, soy-based, natural, renewable material offering soothing comfort.
- . Thermo active, viscoelastic material that adapts to your body, uniformly distributes pressure and maintains its shape and elasticity. and hygienic properties
- · High resilience organic, absorbent,
- ventilating foame.

Spring-mounted comfort

- Surface layer of Bioflex foam on 2 separated-zone spring layers. · Regular, durable seats
- Optimal weight distribution
- · High elasticity
- · Thermo regulation

An innovative 55 kg/m3

viscoelastic foam layer provides excellent pressure resistance with soft contact for the body

For sofa beds:

SEAT

For sofa beds ABSOLU and LUNA.

55kg/m³ cold cure moulded foam providing all the advantages of even, durable seating.

■ CHOICE OF MATTRESSES:

Polyester foam, 36 kg/m3.

HR foam 55 kg/m³ with surface cut into 7 comfort zones

Memo HR foam 55 kg/m³ covered with a 55 kg/m³ Visco layer.

■ CHOICE OF MECHANISMS

Budget: simple mechanism, black. Bed base: electro-welded mesh.

Standard: smooth mechanism, black lacquer, carbon optic.

Intense: electro-welded mesh. Intens: smooth mechanism, black lacquer, carbon optic. Bed base: slats. Note: The slatted bed base for mattress width 160 cm is now in a dual zone design (crossways support separating

the 2 parts) for added comfort.

BED BASES

Bed base 20 slats for 140 x 190 cm,

Black matt metal tube construction 40x30 mm. Reinforced rounded corners. Suspension composeed of 27 slats for each sleeping place. Varnished birch plywood slats inserted into designer single-slat designer sockets for protection and soundproofing. For double beds:

double welded central bar. Tubular feet to screw in black polypropylene can be added to the frame.

Legs not included. Bed base W70 to W90 = 20 slats. Bed base W120 to W180 = 20 slats \times 2. In 140 \times 190 cm, W138 \times H5 \times D188 cm, ref. 1904934.

Available in: 90, 120 and 140 x 190 cm / 90, 120, 140, 160 and 180 x 200 cm.

Bed base 28 + 5 slats for 140 x 190 cm. Matt black. Aluminium frame with 28 plywood slats for each sleeping position, inserted in ball and socket swivel joints in flexible Elastomer, + 5 reinforcement slats provided with runners to adjust the firmness of the support. Square metal tube construction 40x30, stove enamelled. Reinforced rounded corners. Double central

welded cross-piece on double beds. Shrink-wrapped in polyethylene cover, with reinforced corners. Legs not included.

Bed base W80 and W90 = 28 + 5 slats. Bed base W120 to W180 = 28 + 5 slats \times 2. For beds wider than 120 cm, we strongly recommend fitting the base with a leg ref 190.4122

In 140 \times 190 cm, W138 \times H8 \times D188 cm, ref. 1904334. Available in: 90, 120 and 140 \times 190 cm / 90, 120, 140, 160 and 180 \times 200 cm.

Upholstered bed base with 16 active slats for

140 x 190 cm. Solid planed wood frame with 4 corner blocks and inserts for attaching screw-in legs. Suspension composed of varnished plywood slats inserted into polyethylene soundproofing sockets stapled on battens 16 slats (double from 140x190cm beds). Finish: quitted ticking on polyether backing, stretched over

strong mesh to spread the load. Foam quilted border. Dustproof fabric finish. Bed base W70 to LW90 = 16 slats. Bed base W120 to W180 = 16 slats \times 2. Supplied with 4 legs, height 17 cm.

In 140 x 190 cm, W138 x H15 x D188 cm, ref. 1904434. Available in: 90, 120 and 140 x 190 cm / 90, 120, 140, 160 and 180 x 200 cm

MORE DETAILS IN-STORE

- Supporting and linking leg, black epoxy finish. For joining 2 bases for mattress size 80 x 200, or 70 x 190 or 70 x 200, height-adjustable (from 22 to 31 cm). Ref. 1904122
- Set of 4 screw-in legs, height 22 cm, made from black polypropylene.
- Set of 5 legs (4 + 1 supporting) comprising 4 black polypropylene cylindrical screw-in legs, H.22 cm, +1 supporting leg H.22 cm. Compulsory for double bed sizes. Ref. 1904122
