WITH **SKINCLEAN** AND **HYGIENECLEAN**

TRANSFORM YOUR MOST PRIVATE RITUAL

The world is evolving continuously. Some cars drive with zero emissions, others can drive themselves thanks to scientific breakthroughs. Smartphones and apps become more and more integral to our daily routine, using smart technology to monitor our physical wellbeing. GROHE wants to take the next step in sanitary care, by enhancing your daily routine with Intelligent Care. A new and revolutionary product category that respects our evolved sense of body and self. The technology and design of the GROHE Spalet takes care of some of your most private moments, inviting you into a new dimension of wellbeing and cleanliness.

WHAT IS ULTIMATE CLEAN? WASH OR WIPE?

When you think of cleaning what springs to mind? Surely not paper? It's fresh, flowing water! The most natural cleaning agent there is, it's kind to the skin and wonderfully effective. That's why humans have used it for cleaning since the dawn of time. We wash our hands and bodies daily as part of our hygiene routine – it's refreshing, soothing and leaves us feeling good. We wouldn't consider a quick rub down with a paper towel to do the same job – except when we use the toilet. In many cultures cleaning with water after visiting the toilet is just as natural as washing hands. And today, as our interest in hygiene and personal grooming grows, more and more people want to get that clean, refreshed and secure feeling after using the toilet. As a result shower toilets – toilets with an integrated bidet function – are becoming increasingly popular. Now GROHE introduces its revolutionary shower toilet, the GROHE Spalet, providing gentle natural cleansing using just water.

WHEN **GERMAN**
DESIGN...

...AND **GERMAN** ENGINEERING...

GROHE's people have been regarded by their peers in the industry as Masters of Technology, because of their innovations, outstanding design and award-winning fittings.

By a combination of their advanced craftsmanship and their cutting-edge approach to effective teamwork and processes, our Masters of Technology take the lead in developing, designing and manufacturing our outstanding product range, all the while testing and fine-tuning each piece to ensure continued customer satisfaction.

...MEETS **JAPANESE** SPA CULTURE

Would you eat raw fish without knowing something of the culture and tradition of sushi? We have learned so many things from Japan's culture: bathing rituals, eating rituals, manufacturing processes. We studied their advanced sanitary customs and technological know-how and now introduce a new and revolutionary sanitary concept based on breakthrough technology. A technology that cares intelligently and that will change your life – at least, an essential and most private part of it.

WELCOME TO A NEW CATEGORY OF CLEAN: **GROHE SPALET**

Softer on the skin, more soothing and more hygienic than wiping with paper – let the new GROHE Spalet broaden your horizons about how good your daily cleansing routine can make you feel.

GROHE SPALET PRESENTS SENSIA® ARENA THE CLEANEST EVER

Enjoy the feeling of lightness and wellbeing that a personalised cleaning routine can bring you. The GROHE Sensia® Arena impresses with innovative functions, such as SkinClean and HygieneClean, that make it the cleanest toilet in the world. Discover the difference it can make to your day.

DESIGN THAT CARES

Good design should be instinctive to use, with form and function marrying perfectly to create objects that make you feel instantly at home. Our design for the new GROHE Sensia® Arena is pure and fuss-free. We've designed it with clean lines that leave dirt nowhere to hide, its smooth shape a model of discreet elegance. It includes details that will give you a subtle sense of comfort, from the nightlight that guides you through the bathroom after dark to the automatic open and close feature of the lid, each one carefully thought out to make you feel looked after and secure. For its sleek silhouette to its technologically advanced finish we believe that with the GROHE Sensia® Arena we've set the benchmark for the future of personalized, clean comfort.

YOUR SPALET – YOUR CHOICES

At GROHE we know very well that no two people are the same. You expect your bathroom shower to be adjustable to exactly the way you like it, and the GROHE Sensia® Arena is just the same. The Sensia® Arena offers you the luxury of total control over your cleansing. Simply select your preferred settings either on the side panel of the Sensia Arena seat or with the convenient remote control. You can even programme your preferences to your individual profile in the Sensia® Arena app on your smartphone, meaning your Sensia® Arena recalls exactly the sort of care you prefer, every time.

YOUR SENSIA® ARENA LETS YOU CONTROL:

your preferred water pressure. From soft and soothing to a forceful spray, pick the power setting that suits you.

your ideal spray position. Adapt the exact spray arm position for great performance every time.

your desired water temperature. Fresh and cool or warming comfort, the temperature of the cleaning spray is up to you.

unlimited warm water. Thanks to the Spalet's instant heating system you can enjoy constant, unlimited warm water for your complete comfort.

Adjustable shower arm position.

YOUR MOST PRIVATE SHOWER

It's all about personal care and comfort. With the GROHE Sensia® Arena's different spray functions, it's easy to tailor your cleaning routine to suit you.

LADY SHOWER

A separate spray arm with different spray angle and a softer and wider spray pattern for cleaning the female intimate area, with adjustable temperature and strength for total comfort and gentle cleansing.

TWIN SHOWER

With one spray arm for the rear spray and a separate spray arm for the Lady Shower, you can be certain that both are perfectly hygienic and positioned perfectly to suit your needs.

REAR SPRAY

Warm or cold, strong or gentle, an adjustable spray for precise and ultimate cleaning without getting wet all over. Choose between the powerful rear spray and a soft spray for more gentle cleansing.

OSCILLATING SPRAY

The spray head moves in a gentle forward and backward motion for an extended cleaning area and extra freshness.

MASSAGE SPRAY

The massage spray allows you to alternate between soft and strong spray strength – for a soothing pulsating massage effect.

ULTIMATE HYGIENE/CLEAN

02 MAYBE THE **CLEANEST PLACE** ON EARTH

Put your trust in ultimate hygiene – the GROHE Sensia® Arena incorporates different innovative technologies that all work together to give you a 100% hygienic toilet. From the design of the bowl to advanced coatings that offer triple protection from dirt, bacteria and limescale, you can be sure that your toilet is always sparkling clean and safe.

INNOVATIVE DEVELOPMENTS FOR ULTIMATE TOILET HYGIENE

HYGIENECLEAN

Outstanding hygiene features provide ultimate cleanliness. Combining our leading-edge anti-stick coating AquaCeramics and the HyperClean glaze that prevents the growth of 99.9% of germs you can be confident that your ceramic will stay clean for 100 years.

AQUACERAMICS

Creates a smooth hydrophilic layer on the ceramic surface that dirt and limescale can't stick to, meaning there are no residues after flushing. Makes your toilet 100 years clean!

HYPERCLEAN

This exceptionally smooth and hardwearing glaze uses silver ions to prevent 99.9% of bacteria growth, keeping your ceramic sparkling clean and germ-free.

GROHE POWER FLUSH

Strong vortex action creates a high-suction force for an extra-powerful flush, thoroughly cleaning all corners of the toilet bowl.

TRIPLE VORTEX FLUSH

Three water outlets create a powerful vortex effect with each flush, covering and cleaning every corner of the bowl for ultimate hygiene.

RIMLESS TOILET BOWL

The rimless toilet bowl allows easier cleaning. No dirt collects on the rim, and the interior of the bowl is clean and bright – without splashing.

AUTOMATIC CLEANING

Spray arm heads are cleaned before and after each use.

ANTI-BACTERIAL SPRAY NOZZLE

Made from 99.9% anti-bacterial material, certified by the SIAA, the spray nozzle stays germ-free at all times.

ANTI-BACTERIAL NOZZLE GUARD

The spray arms are protected behind a removable 99.9% anti-bacterial nozzle guard for total hygiene.

EXCHANGEABLE SPRAY HEAD

The spray arm can be easily replaced.

QUICK – RELEASE SEAT¹

A special hinge allows easy removal of the toilet seat for cleaning.

¹Only seat lid can be taken out

ULTIMATE HYGIENE FOR 100 YEARS WITH AQUACERAMICS AND HYPERCLEAN

GROHE AQUACERAMICS DOUBLE THE PROTECTION FROM IMPURITIES

It creates a smooth surface that impurities can't stick to, meaning impurities or residues cannot attach to the bowl and the powerful triple vortex flush easily cleans with one flush. This innovative surface treatment works in two ways – it uses a hydrophilic layer to prevent residues sticking to the bowl, and it uses nano-technology to prevent limescale latching onto the surface and attracting dirt and grime. The AquaCeramic surface is coated before firing and lasts more than 100 years! Even scrubbing won't wear it off. Alongside GROHE's HyperClean finish it locks out impurities and bacteria for good, making cleaning effortless and maintaining the sparkling, fresh-from-the-box finish.

100 YEARS OF CLEAN AQUA CERAMIC

GROHE HYPERCLEAN NO CHANCE FOR BACTERIA TO GROW

Take confidence that your bathroom is hygienic and clean with GROHE HyperClean, which uses naturally anti-bacterial silver ions to inhibit germs and prevent stains and odour. During the glazing process this exceptionally smooth and hardwearing finish is added which prevents 99.9% of bacteria growth, meaning your ceramics stay sparklingly clean and germ-free with the minimum of effort. Take peace of mind from this feature, certified by the Society of Industrial Technology for Antimicrobial Articles, guaranteed to make your bathroom a safer, cleaner and germ free place for you and your family.

GROHE
PowerFlush

GROHE TRIPLE VORTEX THE POWER OF THREE

Unlike other toilets, GROHE's innovative triple vortex flush system creates a powerful vortex of water that swirls to cover and clean the whole of the bowl. Despite its power, this effective flush has low water consumption, with a dual flush option that uses just 5l of water and only 3l for a short flush. Instead of one or two water outlets, the Triple Vortex system flushes from three outlets – one at the back, one at the side and one at the base of the bowl – creating an incredibly powerful flush that leaves nothing behind.

GROHE RIMLESS LEAVES BACTERIA NOWHERE TO HIDE

Corners and crevices are playgrounds for bacteria, especially under the rim of the toilet bowl. That's why we've created the "rimless" bowl where every surface is easy to reach and effortless to keep clean, even in the parts you can't see. In tandem with the triple vortex flush it makes this the cleanest toilet ever.

BECAUSE CLEAN IS IN THE DETAIL

Every aspect of the GROHE Sensia® Arena design has been carefully considered to make sure it's always hygienic and easy to clean. That means even the little details have been taken care of so you don't have to worry. The self-cleaning spray arms and nozzle guard are both made of anti-bacterial material, which is 99.9% bacteria-resistant and certified by the SIAA. Both have been designed to be easy to remove and replace for extra occasional cleaning.

AUTOMATIC CLEANING OF SPRAY ARM

Before and after each use of the Spalet, the automatic cleaning programme will run so you can have complete confidence that the spray arms and nozzles are clean and safe.

ANTI-BACTERIAL SPRAY ARM

The spray arm is made from 99.9% anti-bacterial material, certified by the strict standards of the SIAA. So the spray head and arm remain germ-free at all times.

EXCHANGEABLE SPRAY HEAD

Keep that safe feeling for years with the option to replace the spray head completely if needed.

NOZZLE GUARD

The two spray arms are both protected inside the toilet with a 99.9% anti-bacterial nozzle cover, certified by the SIAA.

Ceramic materials proudly feature the SIAA (Society of Industrial Technology for Antimicrobial Articles) brand mark based on ISO for KOHKIN – stringent criteria for the anti-bacterial effect and the safety of the agent.

PERSONAL COMFORT

03 WE'VE TAKEN CARE OF **YOUR PERSONAL COMFORT**

Take total control of your cleansing routine in three different ways. You can use the smartphone app, which lets you programme your own user profile effortlessly, reach for the intuitive remote, or use the simple control panel at the side of the seat. What could be more simple?

SMART PROFILING FOR BEST PERSONAL COMFORT

SMART PHONE APP ANDROID/IOS

Control your shower toilet and save your personal settings to your user profile for extra convenience via the Spalet app. Available for IOS or Android smartphone systems.

USER PROFILE MEMORY¹

You can save different user settings and recall them every time when you use the toilet.

REMOTE CONTROL

Access all functions by remote control, comfortably and intuitively.

SIDE CONTROL PANEL

Basic functions can also be controlled directly on the seat at your convenience.

AIR DRYER

After a warm-water shower, the warm-air dryer provides fast and gentle drying.

ODOUR ABSORPTION

As soon as you sit down on the seat, odour extraction is activated automatically.

AUTOMATIC SEAT OPEN & CLOSE

When approaching the toilet, a sensor recognises your presence and the lid and seat open and close automatically.

NIGHTLIGHT

The shower toilet is lit by a soft light in the dark to help you find your way.

SOFT CLOSE SEAT

Both seat and lid have a gentle and quiet soft-closing mechanism.

AUTOMATIC FLUSH²

The moment you move away from the toilet, a sensor-controlled flush is actuated.

Download the **SPALET APP** in the Apple App Store or on Google Play.

HOW INTELLIGENCE MAKES YOU COMFORTABLE

SPALET APP

Select and store all your preferred settings to your smart phone with the Spalet App. The app lets you create individual user profiles so your ideal spray pattern, pressure and temperature are memorised, meaning you can enjoy your perfect personalised cleansing experience effortlessly, every time. Works with IOS and Android phones.

REMOTE CONTROL

Control every function of the GROHE Sensia® Arena with the intuitive remote control, which can be wall-mounted within arm's reach. It makes controlling the GROHE Sensia® Arena simple – just select your preferred spray, pressure and water temperature from the easy-to-follow menu.

SEAT CONTROL PANEL

Within comfortable arm's reach, the side of the GROHE Sensia® Arena has a simple control panel that lets you alter the spray function and adjust the water pressure of your cleansing experience with just a touch.

AIR DRYER

Enjoy the ultimate warming comfort of an air dryer function, leaving you completely clean and dry.

ODOUR ABSORPTION

Never worry about bathroom odours! Two vents keep any smells at bay – an airshield around the bowl surface seals the air inside the toilet, keeping odours in the bowl, while the other draws odours away completely through an active carbon filter.

SEAT LID OPEN AND CLOSE

The toilet's sensor detects your presence, automatically opening the lid as you approach. You can preset automatic open and close, seat lid only or both seat lid and seat.

NIGHTLIGHT

The GROHE Sensia® Arena is there to look after your every need from start to finish. That's why we've included a soft nightlight to guide your way at night that comes on when the lid opens automatically. You can also activate a permanent LED light if you prefer to have a gentle light signal to guide your way at all times.

TECHNOLOGY YOU CAN RELY ON

From installation to water consumption you can trust GROHE engineering and technology to ensure everything works perfectly, with optimum performance, ease and efficiency.
